

An ornate, black-and-white line drawing of a rectangular border. The border is composed of intricate floral and foliate motifs. At the top and bottom, there are large, symmetrical floral designs with multiple petals and leaves. The sides of the border are formed by vertical stems with small, repeating leaf-like patterns. The corners are decorated with larger, more complex floral arrangements. The overall style is reminiscent of late 19th or early 20th-century decorative arts.
